I think ...

It was since that moment...

Have you given him a name yet ?

Huh? Well... I actually want to name him Black...

Black? Sounds old-fashioned... But likable, I guess.

You think so, too??

I don't know what happened at their school...

Caused jealousy

But it was that moment that seemed to have changed everything...

The reason I've chosen to give up on Sim-Ho...

When I saw her looking at him ...

I realized that she was sincere ...

Her mind was already leaning toward him even before I found the golden fishes ...

Hmph, Cha Ga-Un. Sim-Ho is too good for you, you know that ?

Besides, he is hiding a fact that he is a cat otaku ...

I missed you !

Purrr

Don't look at me like that

Hey!

Go away! I got germs

Hahah !

A lot happened ...

It's been a while since I saw Cha Ga-Un ...

I ended up coming here...

That was a really good place to sleep... And he did treat me well also ...

Whoa !

Black is not coming back today also, I guess...

He is worrying about me?

There is something behind that tree...

Black ?!
